We are a CERTIFIED ORGANIC FARM raising chicken, eggs, turkey, lamb and pork. Certified Organic square baled and round baled hay is also available. We also carry organic beef from McEnroe Farm. Our meats do not contain anything nature did not intend. NO ANTIBIOTICS, NO HORMONES, NO CHEMICALS OF ANY KIND.

We believe in farming the old-fashioned way. We use draft horses to work the land and all of our animals are free-range. We also feed certified organic grains from Lightning Tree Farm which is just down the road in Millbrook. When our customers purchase our meats or eggs, they are investing in a healthier lifestyle and are supporting their local farmer

The market at the farm is open 24/7 for your convenience.  
Stop by and visit with the animals!
